

## PERSHING FAVORS A LIMIT IN FORCES TO DISARMAMENT

Tells Women Voters It Would  
Be Folly for U. S. to Disband  
Entirely at This Time.

LINCOLN, Neb., June 8.—Gen. John J. Pershing declared here last night before the State League of Women Voters that he prefers limited armament to disarmament, and quoted President Harding as saying that the President had taken steps through diplomatic channels to get things started toward lifting the burden of excessive armament. Gen. Pershing said he preferred to take the position between the two extremes of the militarist and the pacifist.

In view of the large expenditures of the war and the heavy war debts in most countries now, he said, it would be advisable that some workable plan should be devised to limit expenditures following the war.

"It would be folly," he said, "for America to lay down her arms. A certain amount of armament is necessary. It should not be hard to convince other nations that some step in limiting armament is advisable."

"If we agree to discuss the matter,

putting all the cards on the table, we should arrive at some conclusion leading to a decrease in the burden of armament," he continued. "I believe that public opinion is back of such a policy, and I think Congress is also. If an authorized by the President to say that if we could secure a college of nations he would be happy to lift the burden of excessive armament," the General added. "He told me that he had taken steps through diplomatic channels to get the thing started with that end in view."

### SUGGESTS BONDS FOR SOLDIER BONUS

Would Run For 10 Years—Paid  
Up Insurance as an Alternative.

WASHINGTON, June 8.—A bill proposing that the Government issue to former service men 5 per cent. tax exempt bonds in amounts of not more than \$750 for service overseas and \$500 for home service has been introduced by Representative Volk, Republican, New York. The bonds would expire in ten years, would be negotiable and would be issued to war veterans at a rate of \$1.75 and \$1.25 a day for service overseas and in the United States, respectively.

As an alternative to the issuance of bonds, the bill also would provide for paid-up insurance. The face value of each policy would be the amount which adjusted service compensation, plus 25 per cent., would purchase "at single premium rates" at the nearest attained age July 1, 1922. The policies would carry cash and loan values after the first year.

### PLANS TO PENALIZE SHIP COMPANIES.

Bill Hinted At To Stop Liners  
From Bringing Over Too  
Many Immigrants.

(Special to The Evening World.)  
WASHINGTON, June 8.—If additional legislation is necessary to meet situations such as that created by the 5,000 Italian immigrants held in New York, Chairman Johnson of the House Immigration Committee declared to-day that he will introduce a bill to penalize steamship companies for bringing over more immi-

grants than the 5 per cent. Restriction Law allows.

"The present law is perfectly clear on the number of immigrants to be admitted and there is no excuse for mistakes," he declared. "Italy, more than any other country, keeps a close watch on her immigration, and she should see to it that her Nationals are not subjected to uncomfortable situations."

Senator Dillingham, acting Chairman of the Senate Immigration Committee, said the matter has not been brought to the Committee's attention officially, as it ought to be, if the situation is serious. Mr. Dillingham said from what he knew of the facts the best thing to do is send the immigrants back, if they are not eligible for admission to the country.

### 10-YEAR-OLD BOY KILLS BROTHER OF 8

Accidentally, While Hunting  
Ghosts, He Says, but He  
Admits a Quarrel.

XENIA, O., June 8.—Juvenile Court authorities will decide the fate of James Blangy, ten, who late yesterday shot and killed his eight-year-old brother, Virgil, during a quarrel at their humble home near Cedarville, according to a statement last night by Prosecutor J. K. Williamson of Greene County. The lad was

brought to the county jail here late yesterday.

There will be no parole in this case to that at Knox, where Cecil Burkett recently was tried on

a charge of first degree murder for the alleged killing of his playmate, Benny Slavin, Prosecutor Williamson declared.

The youth told Prosecutor Williamson that he had been quarrelling

with his brother because he insisted on going fishing with him, but declared he accidentally shot Virgil with his father's revolver while they were searching for a ghost in an upper room of their home.
